

# TEXAS IMAGE LOCAL

## What is the Texas Image Local Volleyball Program?

The Local Volleyball Program (formerly known as our Metro Program) provides training and tournament play for players (individuals and/or teams) to improve their volleyball skills while playing on a select team during club season.

Teams can either train **onsite** at the Texas Image Winning Edge facility or at their own **offsite** facility (Satellite team) with their own coach. All tournaments will be played in the Dallas/Ft Worth Metroplex.

## Texas Image Local will provide players with:

- A certified and trained volleyball coach (IMPACT, Safesport, R2 & Scorer)
- 1 Weekly, 2-hour practice
- 8 Tournament days
- Jersey, spandex, knee pads, practice t-shirt, sweatshirt, and car decal
- Volleyballs and cart for practices and tournaments
- Inexpensive cost with a payment plan option in comparison to club travel teams
- Schedule allows for other school/extra-curricular activities

## How do I become involved in the Local Program?

- You can join as an individual – we will put you on a team
- You can join with a friend or a partial team – we will add players to fill the team
- You can join as an entire team (like your school team)
- We will help you register with NTR and help you with your tournament schedule
